SECRETARY BRYAN ISSUES STATEMENT

Welcomes Criticism Regarding His Decision to Go on Lecture Platform

RESOLUTION IS OFFERED

Senator Bristow Asks What Would Be Proper Salary for the Secretary of State

DOES NOT DESIRE INCREASE

WASHINGTON, July 15.—Washington today was interested chiefly in developments following Secretary Bryan's statement that he had to spend his vacation on the lecture platform because he could not live on the secretary of state's salary of $12,000 a year. The lobby investigation, the tariff and the Mexican situation were forgotten, temporarily, at least when everybody talked about the resolution introduced by Senator Bristow calling on the president to advise the senate "What would be a proper salary to enable the present secretary of state to live with comfort and to enable hit to give his time the discharge of his public duties."

When the Bristow resolution was read amid Republican laughter, Democratic Leader Kern and other senators immediately objected to its consideration and after a few brief exchanges it went over. It was fully discussed however, in the lobbies and cloakrooms at both ends of the capitol.

Bryan Issues Statement.

Later Secretary Bryan issued this statement:

"When Mr. Bryan's attention was called to some criticisms that had been published in regard to his lecturing, he replied as follows:

"I am glad to have the criticism brought to my attention. I believe in criticism of public officials. Criticism is helpful. If a man makes a mistake, criticism enables him to correct it; if he is unjustly criticised the criticism helps him. I have had my share of criticism since I have been in public life, but it has not prevented my doing what I thought proper to do.

"In devoting a part of my vacation to lecturing I am doing what I believe to be proper and I have no fear whatever that any unbiased person will criticise me when he knows the facts.

Secretary Explains Situation.

"For seventeen years the sources of my income have been writing and lecturing but each year I have made more public speeches, without compensation and where I have paid my own traveling expenses, than I have where compensation was received. My earning capacity has been large and I have made not only an income sufficient for my immediate needs but have saved, on an average, something more than ten thousand dollars a year. In accepting the office which I now hold, I gave up the opportunity to add to my accumulations for I do not expect to increase during my term the amount I have laid aside; that is, I am willing to forego whatever advantage I have might derive from the acquiring of forty thousand dollars more for the privilege of serving the country in this office during the coming four years. I will do more if necessary but I do not believe that fair minded people will ask it of me. Therefore, until I see some reason for changing my purpose, I expect to lecture enough to bring my income up to my expenses, these lectures to be delivered during the time that other officials give to thir vacations. In addition to supplementing my salary, I hope that my lectures do good—people who attend them would not do so if they did not think they received their money's worth, but I would be glad to spend my vacations resting instead of lecturing if I could do so without eating in upon the amount that I have laid away as a protection against old age."

Gives Former Secretaries' Salaries.

Senator Bristow's resolution set out that from 1789 to 1799 Thomas Jefferson and Edmund Randolph held the office of secretary of state at salaries of $3,500 a year; from 1799 to 1819 John Marshall, James Madison, James Monroe and John Quincy Adams served at $5,000; from 1819 to 1853 Henry Clay, Martin VanBuren, Daniel Webster, John C. Calhoun and James Buchanan served at $6,000; from 18853 to 1911 William H. Seward, James G. Blaine, Thomas F. Bayard, Walter Q. Gresham, Richard Olney, John Sherman, John Hay and Elihu Root served for $8,000 and added:

"During this long period of time no one of these eminent statesmen was compelled to neglect the duties of the offiee because of the meagreness of salary."

"Whereas, the 'great commoner' now holding that high office, Hon. William J. Bryan, has stated in the public press that the salary of $1,000 per month is not sufficient to enable him to live with comfort and that because of the meagreness of the salary of $12,000 per annum

WHITE DENIES REPORTS OF AMICABLE AGREEMENT

DECLARES STRIKE WILL BE CALLED TONIGHT OR TOMORROW

Representative of Trainmen of Cincinnati District Declares he Does Not Believe There Will be a Wheel Turning on Erie's Eastern Line Within Three Days.

COLUMBUS, O., July 15.—"If the railroads do not accede to our demands or make an equitable settlement the strike will be called for tomorrow night about 6 o'clock or at the latest 6 o'clock Thursday morning," was the declaration made to a mass meeting of railroaders here tonight by S. R. White, representative of the Brotherhood of Railway Trainmen of the Cincinnati district of the Pennsylvania railroad, who attended the recent New York conferences.

White denied reports that an amicable agreement has been reached between the trainmen and eastern railroads and advised every railroad employe in this district who is interested in the "Rochester wage demand" proposition to prepare for an immediate strike.

The speaker declared that the Erie railroad would be the object of the first attack due to that road's refusal to enter into arbitration negotiations. "Within three days," he said, "I do not believe there will be a wheel turning on the Erie's eastern line." Leady, representative of the Brotherhood of Railway Trainmen and local chairman for workers on the Baltimore & Ohio, advised the railroaders that the strike call would come from eastern headquarters in cipher and would be distributed promptly. He asked the trainmen to accompany their trains to a terminal after receiving the order that the railroads be deprived of any grounds for future charges of unfair treatment by individuals.

Corporation Tax Assessments.

Washington, July 1.—The following corporation tax assessments made by Commissioner Osborn in the internal revenue districts name represent one per cent of the net earnings of the corporations during 1912 and the list shows the increases or decreases as compared with 1911.

1. Illinois ...	$3,516,610	$886.341
5. Illinois ...	114,743	34,725
8. Illinois ...	94,402	21,895
13. Illinois ..	69,641	9,876
3. Iowa	97,108	19,173
4. Iowa	122,529	19,260

Decline to Confirm Assertions

New York July 15—Officials of the Railway Employes organizations when show late tonight the statement made in Columbus by S. R. White of the Brotherhood of Trainmen declined in anyway to confirm White's assertions, but on the contrary indicated that there had been no hitch in the peace plans and that there was no immediate probability of any unexpected or radical action by the men's organizations in their dispute with the Eastern roads.

ASSOCIATE JUSTICE JOHN HAND WIRES RESIGNATION TO GOVERNOR

Supreme Court Jurist Asks That It Be Made Effective At Once—Ill Health the Cause.

St. Louis, July 15.—Associate Justice John Hand of the supreme court of Illinois has wired his resignation to Governor Dunne asking to be made effective at once. It was announced in East St. Louis by Associate Justice Alonzo K. Vickers today. Ill health is given as the cause.

Justice Hand is 62 years old. He was elected on the Republican ticket from the fifteenth judicial district thirteen years ago. Last September he suffered a stroke of paralysis from which he has not fully recovered. A special election to fill the vacancy will be necessitated by his resignation.

REPORT THAT DANEFF JOINS PREMIERS AT NISH

IMPORTANT NEWS HAS NOT BEEN OFFICIALLY CONFIRMED

Official Despatches Confirm Announcement That Greece is Prepared to Sign an Armistice—Fighting Continues.

BULLETIN.

LONDON, July 16.—The Daneff ministry has resigned, according to a Sofia despatch to the Times.

LONDON, July 15.—Reports through Berlin and Vienna say the Bulgarian premier, Dr. Daneff, has joined the Servian and Greek premiers at Nish to discuss conditions of peace. This important news has not yet been officially confirmed.

Official despatches from Athens confirm the announcement from Saloniki yesterday that Greece is prepared to sign an armistice on condition that the frontier questions, the payment of indemnity by Bulgaria and guarantees for the welfare of Greeks under Bulgarian rule shall be settled on the battlefield.

Fighting continues, Greek forces have occupied the town of Drama and according to Athens advices the Bulgarians have abandoned the Gresna passes and are retreating towards Dubnitza pursued by Servians and Greeks.

Unconfirmed reports have reached the Armenian Patriarchate at Constantinople of a massacre of the Armenian population at Rodosto, on the Sea of Marmora. Turkish forces under Enver Bey are supposed to have occupied Rodosto yesterday.

To Send Army Into Bulgaria.

Vienna, July 15.—It is reported that Roumania is about to send an army of 120,000 into Bulgaria. The Bulgarian northern army, the report adds, is retreating to Sofia.

CONTESTANTS AGREE TO CALL OFF FLYING BOAT CRUISE

Martin Announces Decision At Muskegon, Saying Committee Had Withdrawn Prize Money.

Muskegon, Mich., July 15.—The flying boat cruise from Chicago to Detroit has been called off by mutual agreement of the contestants according to Glenn L. Martin, who returned to Muskegon early this afternoon from Pentwater. He said the committee in charge of the cruise had withdrawn the prize money.

Cities Disappointed.

Chicago, July 15.—At the Aero Club of Illinois, it was said that the private committee which raised bonus money for the hydro-aeroplane races, did so on an understanding with the promoters of the race that there would be a party of twenty.

Only eight responded and with one mishap and others, the fields after many delays and accidents narrowed to Martin, Francis and Kavens. Cities along the route of the flight and others who had promised financial aid were greatly disappointed, particularly when the machines fell behind their schedules and crowds gathered at the several water fronts only to find the waters of the lake quite innocent of flying craft.

ROWING REGATTA OPENS TODAY

Peoria, Ill., July 15.—The Central States Rowing regatta will formally open tomorrow afternoon. Two hundred oarsmen are here to compete in the various events. The first two days will be taken up by the central states rowing association and the last two by the southwestern association. Crews are here from Chicago, St. Louis, Quincy, Peoria and Grand Rapids.

TWO MURDERED AT SPRINGFIELD

Springfield, Ill., July 15.—Frank Rulla and Hulla Damorta, both aged about 35 years, were murdered late tonight, at their little grocery store just north of the city. It is alleged that two negroes on horseback rode up to the store, proceeded to rob it, and when the two men who owned the store resisted, they were shot down in cold blood. Bloodhounds have been on the trail.

SENATOR BACON RE-ELECTED.

Atlanta, Ga., July 15.—Augustus O. Bacon to day was re-elected to the United States senate as a member from Georgia by the direct votes of the lectroate. The counts as the first election held under the recently ratified seventeenth amendment to the United States constitution providing that the voters of the several states shall cast direct ballots in Senatorial elections. Senator Bacon was unopposed.

KNIGHT TO FIGHT WHITNEY.

Denver, July 15.—Phil Knight of Kansas City has been secured to take the place of Rudy Unholz as the opponent of Frankie Whitney of Cedar Rapids, Ia., in a ten round bout here July 18th.

Unholz was stricken with typhoid fever while preparing for the match.

TWO SEAMEN SCALDED.

Boston, July 15.—Henry Agena, an ordinary seaman was fatally scalded and James Leary, a first class electrician, was badly injured when a steam valve blew out today in the dynamo room of the battleship Nebraska in the dry dock at the Charleston navy yard.

CABINET DISCUSSES MEXICAN SITUATION

Officials Admit Subject Is Engaging Their Deepest Attention

OPPOSE RECOGNITION

Informally Stated That Republic Will Not Be Recognized Until Election Is Held

INSURGENTS VACATE GUAYMAS

WASHINGTON, July 15.—Administration officials admitted tonight that the situation in Mexico and diplomatic inquiries from Europe as to what the attitude of this country would be toward its neighbor on the south, were engaging their deepest attention.

Secretary Bryan had a two hour conference with President Wilson to day and while the Japanese question and departmental appointments consumed much of their time, the foremost subject before them was the Mexican problem. Earlier in the day it had been discussed at length at the cabinet meeting.

Declines to State Attitude.

Mr. Bryan declined to say what the policy of the United States government would be toward any European representations but intimated that a pronouncement on the situation might be expected in a short time. It is known that the administration officials have been continuously opposed to recognition of the Huerta government until elections were held and it had been expected that any future declaration to the foreign powers would be along the lines of the Latin-American countries the principal of governments set up on orderly processes and "not upon arbitrary or irregular force." He also stated that the American government would prefer those "who act in the interest of peace and honor, who protect private rights and respect the restraints of constitutional provision."

While the administration officials have not expressed any opinion about Mexico specifically, it has frequently been stated informally that recognition wold not be extended until the constitutional machinery in Mexico had been set in motion again to elect a new president to succeed the provisional president now acting. It is believed that in the meantime, every effort will be made to indicate to the Mexican people that the United States government expects protection of its interests through the present government.

Insurgents Vacate Guaymas.

The restoration of tranquility, at least within the City of Guaymas, proper on the Pacific Mexican coast was indicated in a despatch to the navy department to day from Admiral Cowles, commander of the American squadron. The admiral said the insurgents had vacated the city and that the federal forces had retaken the water supply near the city. According to state department reports, the revolutionists have seized 740,000 pounds of sugar and 1,000 gallons of alcohol belonging to the United Sugar company at Los Merchis. Large quantities of similiar stores at Topolomobampo are said to be in danger of similiar appropriation.

SERGEANT NAG ELTHROWN FROM HORSE SUSTAINING BROKEN LEG

Accident Occurs While Governor Dunne Was Reviewing the Second Regiment.

Springfield, Ill., July 15.—While Governor Dunne was reviewing the second regiment I. N. G., late this afternoon Sergeant John S. Nagel, of the hospital staff of the regiment was thrown from his horse and received a broken leg. The injured man was given medical attention and was sent to his home at midnight.

Heavy rains during the day converted the parade grounds into a lake and interferred with the attendance at review. Governor Dunne toook dinner with Colonel Garrity and the officers of the regiment and attended the concert which followed.

SMITH'S BODY RECOVERED.

Portland, Ore., July 15.—The body of S. C. Smith of Peoria who with his wife was lost in a blizzard on Mount St. Helens on July 6th., was found to day at the base of a precipe. Mrs. Smith's body has not been recovered.

Mr. and Mrs. Smith were with two companions when the mountain snow and sleet storm overtook them. The party became separated, two survivors reaching a mountain on the following day almost dead from sold and exhaustion.

CENTENARIAN DEAD.

Elmwood, Ill., July 14.—Avery Dalton who is believed to be the only survivor of the Black Hawk war, died here tonight aged 105 years. He attribuated his long life to his temperate ways, never having used intoxicating liquor or tobacco in any form.

NEWLANDS-CLAYTON BILL IS MADE A LAW

PASSED BY BOTH HOUSES AND SIGNED AS PER AGREEMENT

Measure Creates Board of Mediation and Conciliation to Which Railways and Employes Will Submit Wage Dispute.

WASHINGTON, July 15.—New federal machinery for the adjustment of railroad wage disputes was authorized to day when the hose and senate passed and the president signed the Newlands-Clayton bill just as it was agreed upon yesterday at the white house conference between President Wilson, congressional leaders and representatives of the big eastern railways and their employes. This law creates the board of mediation and conciliation, headed by a commissioner to which the eastern railways and employes brotherhoods have declared their willingness to submit the wage dispute on account of which 80,000 conductors and trainment have voted to strike. The union officers agreed to an armistice until tomorrow afternoon, pending action by congress and officials here expect them now to make ready to lay case before the federal mediators as soon as President Wilson makes the appointments.

The new law went through both houses of congress without an obstacle being put in its way. Late in the afternoon it reached the white house and soon afterwards this statement was issued.

"The president signed the Newlands act as soon as it reached the white house this evening and announced hrough his Secretary Mr. Tumulty that he would proceed as soon as possible, consistent with their appointments or the selection of the commissioners of mediation as provided in the act."

Seth Low, president of the National Civic Federation who has been instrumental in bringing the railroads and their employees together in nthe present dispute is prominently mentioned for the position of commissioner of mediation and conciliation. As the other two members of the board are to be government officials it was regarded as probable that Judge Martin W. Knapp of the ocmmerce court and an assistant to one of the cabinet officers possibly an assistant attorney general would be considered.

DECIDE CURRENCY BILL SHOULD CONTAIN BOND REFUNDING CLAUSE

Majority of Democrats Agree to Points in Line With Amendments Waged by Secretary McAdoo.

Washington, July 15.—Democratic members of the house banking and currency committee at a lively session to day decided that the administration currency bill should contain a bond refunding provision. Later Chairman Glass announced that the majority had agreed upon the following points, in line with amendments urged by Secretary McAdoo to maintain the parity of the two per cent bonds;

"Section twenty of the bill is to be perfected so as to provide for the permissible retirement of five per cent of outstanding two per cent government bonds with circulating privileges, each year in exchange for government three per cent bonds without circulating privileges. Circulating privileges to continue to the banks as long as two per cent bonds may be subscribed to for the purpose. Section 18 of the bill which contained a prohibition on this, was eliminated. Nevertheless newly organized banks are not required to purchase a given amount of government bonds in order to begin business.

"At the expiration of twenty years, from the passage of the act, every holder of United States two-per cent bonds then outsanding is to receive payment at par with accrued interest.

"The bill will be amended so as to require that the earnings of the government from the operations of the federal reserve banking system be set apart for the redemption of United States 2 and 3 per cent bonds."

Mr. Glass added that an agreement has been reached upon most of the troublesome features of the bill and he expressed hope and expectation that more rapid progress would be made on the remaining sections.

WELL KNOWN BALLOONIST DROWNS

Topeka, Kan., July 15.—Frank W. Jacobs, aged 23, a balloonist well known over the central west was drowned tonight while bathing in the Kansas river here. His brother, H. W. Jacobs, narrowly escaped drowning while trying to rescue him.

In 1910 and 1911 Jacobs piloted the balloon Topeka II. in the national elimination balloon races. In 1911 race which started from Kansas City, Jacobs landed at Dunnell, Minn., taking third place in the race.

WOMEN ELECT CARTHAGE MAYOR

Carthage, Ill., July 15.—At the city election here to day 963 votes were cast. The women voted for the first time casting 423 of the total number of votes. J. P. Johnson, Democrat, for mayor received 607 votes, G. A. Wilson, Progressive 284, Mr. Morgan, Independent, 72.

Of the 423 votes cast by the women Johnson received 336. A great deal of interest was manifested.

CROSBY LIKELY TO BE PHILIPPINES GOVERNOR

ADMINISTRATION IS CONSIDERING CHOICE OF GOVERNOR-GENERAL

President and Secretary Garrison Discuss Philippine Question At Night Conference At White House—Worcester Resigns.

WASHINGTON, July 15.—The administration is giving serious consideration to the choice of a governor-general for the Philippines and two other places on the Philippines commission. Many well known names have been urged upon the president for the governor-generalship but that of Oscar Terry Crosby of Warrenton, Va., is considered foremost in official attention and as the one most likely to be sent to the senate at an early date, according to present plans.

President Wilson had Secretary Garrison of the war department at the white house tonight for a cinference on the Philippine questions.

The selection of a governor-general and other members of the commission is regarded as a preliminary step to the consideration later of the general policy toward the islands. In some of his public speeches, prior to the opening of the administration Mr. Wilson made favorable allusion to the pending bill of Representative Jones of Virginia, providing for ultimate independence. The measure has been before congress for several years without making much progress. With the tariff and currency absorbing attention, denomination of the policy toward the Philippines has been deferred. Meantime the choice of a governor-general and other commission officials is felt to be desirable in order that they may be on the ground when the larger questions of policy are taken up later on.

The resignation of Professor Dean Conant Worcester, secretary of the interior in the Philippine government was received today by the administration.

PAINT CREEK OPERATORS SIGN MINERS AGREEMENT

Strike on That Creek is Expected to be Called Off at Once—Cabin Creek Strike Still in Force.

Charleston, W. Va., Juyl 15.—The Paint Creek Collieries company, operating nine mines on Paint creek, signed the agreement of the United Mine Workers America today and the miners' strike on that creek is expected to be called off at once. A strike is still in force on Cabin Creek which adjoins. For the first time since the strike occurred in the West Virginia coal fields over sixteen months ago the action of the Paint Creek Collieries today constituted the first break of the coal operators. The company extended formal recognition to the United Mine Workers of America, a concession which came as a surprise and only after a bitter fight.

The West Virginia coal strike had its inception in the Paint Creek coal field April 1, 1911. Since that time there has been rioting, bloodshed, martial law and an investigation by a sub-committee of the United States senate.

By the terms of the agreement to the miners, the check off system, abandoned eight years ago, is restored to the miners and also the right to employe a check weighman. The net ton is provided.

DR. LEIB MAKES HIGH SCORE IN CENTRAL ILLINOIS SHOOT

A. C. Connors of Springfield, James A. Groves of This City and A. C. Buckles of Lake Fork Tie For Second.

Springfield, Ill., July 15.—Dr. J. R. Lieb of this city, made high score today in the 150 target event at the central Illinois registered tournament breaking 140 targets. A. C. Connors, of Springfield, James A. Groves, Jacksonville and A. C. Buckles, of Lake Fork tied for second with a score of 143, and G. W. Hall, Loami, John Johannsen, Melvil, and Ed. S. Graham of Chicago tied for third, with a score of 140.

George L. Deering of Shelbyville won the fifty target handicap with a score of 49; John Johannsen, of Melvin, second 48; John Morley, Loami, third with 47. The team race will be held tomorrow.

CLAIM GOODS WERE INFERIOR.

Des Moines, Ia., July 15.—A dozen witnesses in the suit against the Northwestern Lumbermens' association to day testified that have purchased inferior articles from mail order houses. The witnesses were the first the defense presented. The government seeking dissolution of the association on the ground it is operating in restraint of trade.

The association hopes to show that amil order houses have misrepresented goods in addition to lumber.

Mail order houses were among the first to complain of activities of the lumbermens' organization.

SECRETARY LANE CELEBRATES BIRTHDAY

Washington, July 15.—In celebration of the 49th anniversary of his birth, Secretary Lane, assisted by Mrs. Lane, held a reception to day in the great corut of the interior department for the 4,000 employes of the department. The "birthday" party was attended by hundreds of people prominent in the social and political life of the national capitol.

MULHALL AGAIN IN WITNESS CHAIR

Identifies 410 Pieces of Correspondence in Five Hours on the Stand.

BROKE ST. LOUIS STRIKE

Swears He Was Paid $3,000 to Give Strike Leaders to End Difficulty

CAUSES MANY LAUGHS

WASHINGTON, July 15.—The seate lobby investigating committee made 410 knots today over the sea of the Martin M. Mulhall correspondence. Mulhall in the witness chair and Senator Reed at the helm of the investigating bark for most of the five hours it was steaming ahead. Mulhall identified 410 letters, telegrams and memoranda put in the record by the committee with only a bit more hesitancy than he evinced before, although he was cautioned by Senator Reed to look closely at the slips handed to him.

Tells of Many Activities.

Mulhall's attention was directed today almost exclusively to the last half of the year 1907 and the first part of 1908. He was jumped from Maine to Missouri; from Baltimore to Indianapolis and up to Cleveland in those few months. He told, or his letters did, of his strike-breaking activities in St. Louis, of an effort of former Congressman James Watson, of Indiana, politically, and of how well he knew former Senator Beveridge of that state. He gave details of another visit to Maine and another effort to give political assistance to former Congressman Littlefield of that state. He mentioned again former President Taft, the late Vice-president Sherman, the late James W. Van-Cleve of the National Association of Manufacturers and other men prominently connected at one time or other with that organization. The witness thought about $22,000 had been raised in Indiana for the Watson compangn and a letter read just before adjournment tonight told of "three missionaries" in the state, one of whom was willing to spend $100,000 to defeat Watson. The letter didn't identify the millionaires and the committee didn't ask who they were. During the day Mulhall told how he broke a strike in St. Louis. He swore that $3,000 had been turned over to him by F. C. Schwedtman, secretary to Van-Cleve to pay to the strike leaders to end the difficulty. Schwedtman who was in the room, will be allowed to take the stand when Mulhall has finished.

Not Entirely Monotonous.

The day's voyage was not entirely monotonous, although members of the committee began to show the strain of the long hours they have spent in this investigation and the committee adjourned two hours earlier than usual. Many times in the course of the day there were passages that brought smiles to the members of the committee and the spectators. Mulhall, himself, usually close lipped and curt, caused many of the laughs and letters read, particularly those from Dr. George L. Crockett of Thomaston, Maine, were followed closely.

While the Overman committee sailed along with Mulhall. Chairman Garrett and the house investigators began to look over the "lobbyists" correspondence. James E. Emery, local counsel for the National Association had not turned over the papers under subpoena today, declining to do so until he was assured that they could be kept in a fire and burglar proof safe. The Garrett committee probably will rent a deposit box for them.

Chairman Overman of the senate committee had a talk with President Wilson today. He said tonight that he did not discuss the lobby investigation.

SCHOOL DECISION MAY HIT SUFFRAGE

Supreme Court Finding On Township Law Applies to Womens Votes Act.

Chicago Tribune: Township high schools, thirty-seven, and contracts for construction and repairs totaling at least $1,500,000 are imperiled by an opinion of the Illinois supreme court the full force of which has just become apparent.

As a possibility in connection with the decision in point, it is held that the same objection is a definite precedent running against the new women's suffrage act.

If carried out logically, according to the curbstone opinion in Springfield, it would knock out scores of Illinois statutes of greater or less import.

So vital is the matter so far as it concerns the township high schools that a motion for rehearing has been filed with the clerk of the supreme court, and the justices will be asked to review the opinion which was handed down particularly in a matter affecting the township high school of East Moline township in Rock Island county.

The supreme court held in the East Moline case that the legislature should have amended specifically and in detail the statutes then existent when it sought to place on the books an act amendatory in its nature.

Law Passed in 1911.

The 1911 general assembly passed a township high school law, running chiefly to the method of calling elections for the creation of township high schools and affecting principally the technical requirements concerning the publication of necessary election calls. The law was signed and became effective. Under the specific new law, thirty-seven township high school districts have been created and acting as such are issuing bonds and are taking all available powers.

There was trouble in East Moline and objection to creation of the proposed district. The fight reached the supreme court and the opinion came down at the June term. As one of the minor matters cited below was the allegation of the unconstitutionality of the law.

The supreme court decided this point and held the act unconstitutional for the reason given, that it should have set out the prior township high school law, under which many other schools have been created, but which was not mentioned specifically in the 1911 act. The rehearing motion is now pending.

Schools Under Construction.

In the meantime as soon as the 1911 law became an act, July 1, 1911, township high schools began operation under it. Marion, Williamson county, is erecting a $75,000 building. Herrin, in the same county, is spending $60,000. Other places affected are Flora, Ashley, Mount Pulaski, Annaman, Waynesville, Hutsonville, six different schools in Vermillion county, four in Macoupin county—thirty-seven in all.

The Springfield politicians make much of the possibility of the supreme court decision "sticking," insisting that if this is to be the rule of the court the womans suffrage bill must go by the board without question.

It is recalled, however, that the supreme court changed its mind on the university case when laws of vital importance were at stake.

TO SEEK HEALTH IN WEST.

A surprise party was given for James F. Green, at his home on North Main street, Monday evening, by a number of his friends. The guests brought along refreshments and the evening was spent in a pleasant manner. Mr. Green left yesterday for Seattle, Wash., where he expects to spend several weeks on account of his health. Mrs. Green and children will visit with relatives in Peoria during his absence.

A FORMER RESIDENT HERE

If you were really an old settler you knew Dr. Owen M. Long; if you really were not an old settler you did not know Dr. Long.

Dr. Long had three daughters, Mary, who married Col. James Dunlap's' son, Charles J.; Lydda, who married away from here, and Louisa, who married Mr. Lucius Crooker of Boston, and there was Lizzie, a daughter, much younger than the rest.

Mr. Crooker was a brevet captain in the Civil war, acting as assistant quartermaster or commissary general, serving largely about New Orleans. There he met Miss Louisa Long, and they became husband and wife. Capt. Crooker died some years since and it is his wife who is now revisiting her old home. She now lives in Kansas City, Mo., where her son, a fine young man, resides with his wife and family.

As is known to some of our people, Mrs. Dunlap, who was one of the prettiest girls Jacksonville ever had, followed her husband in death some nine years ago. Mrs. Dunlap, as the rest of the family, was then residents in Kansas City, going there from St. Louis.

Dr. Long's only son, Judge Owen G. Long, is still a resident of Kansas City, Mo., whither he went many years ago.

Dr. Long was from Frankfort, Ky., coming to Illinois in 1835. On the steamer enroute to Beardstown he met Abraham Lincoln and Stephen A. Douglas, and the three became lifelong friends, although Dr. Long became a pronounced Republican. The young doctor settled at Beardstown, where he met and married Miss Elizabeth Boss, a bright and ambitious lady of Pennsylvania and Virginia descent. The Longs came to Jacksonville before long, which became their home until the war. Dr. Long then went out as surgeon of the 11th Ill. Vols., commanded then by Gen. W. H. L. Wallace, who was killed at Shiloh. Afterwards Dr. Long was brigade surgeon with General Grant. After the war General or rather president Grant appointed Dr. Long consul to Panama, where he remained for many years. He was about to be made consul to Hamburg, when Capt. Crooker died, and Dr. Long decided not to go abroad. The doctor died in 1882, Mrs. Long surviving him for some years. She came back here and made this her home for a while after the war. I think she had the house built in which Mr. R. M. Hockenhull now resides.

Dr. Long was a very pleasant man, actively identified with politics and having a good practice. He was physician at the Deaf and Dumb for some time.

Judge O. G. Long inherited his parents' capacity for making friends, and is not forgotten by them to this day.

Among Mrs. Crooker's intimate friends in her girlhood days were Misses Lou Warren, Julia Jones, Emma Robb and Kate Kirby, remembered by the people of that day for their good looks and attractiveness. But there are not many left of the old associates of the Longs in Jacksonville.

But the family physician is one of the longest persons to be remembered by those he served, and Dr. Long is always to be thought of in the annals of Jacksonville.

BELIEVES IN ALFALFA.

G. A. Leach living three miles west of Jacksonville is one of the few farmer of Morgan Co., who have kept consistently at work growing alfalfa. Mr. Leach has been growing this crop for seven years and each year he is increasing the acreage a little. He has found that to get a seed bed ready for alfalfa means a lot of work and that the seed is expensive but he also belives that the results justify the work and expenditure. In planting he uses about thirty pounds of seed to the acre which is ten more pounds than a great many others use. He has thus far on the fields planted used manure and rock phosphate for fertilizing and was careful in the begining to inoculate the soil with earth from around the roots of sweet clover. He has just finished cutting his alfalfa the second time this season and expects to have a third crop off before fall . Growing alfalfa means a lot of work but in the end the financial results are good and the land is enriched.

ROAD CONGRESS AT KALISPELL.

Kalispell, Mont., July 15.—The active interest taken by the people of Montana in the movement for improved highways was evidenced here today by the unusually large and representative attendance at the opening of the Montana good roads congress. The attendance of automobilists was particularly large. President Joseph A. Edge delivered his annual address at the opening session, following which the convention took up the discussion of road legislation, system in road building and a number of kindred topics. The convention will conclude tomorrow.

MARKET LETTERS.

Chicago Live Stock Market.

Chicago, July 14.—Oliver S.Green, with Walter Bros., Union Stock Yards, Chicago, Ill., reports receipts for Monday, July 14:

Cattle—22,000.
Hogs—51,000.
Sheep—19,000.

While four loads of prime Dakota steers, averaging around 1,500 pounds, sold at $9.15, and as high as any cattle sold last week, and aside from the few handy weights which sold steady, the general market was about 10c lower. Choice to prime yearlings, $8.75 to $8.90. The late market was bearish. Butcher stock held about steady. Decent killing heifers, $6.85 to $7.25. Good cows sold strong. Bulls 10 to 15c higher. Calves steady for choice, with other grades 15 to 25c lower.

Light hogs only 5c lower, with a top of $9.25. Other kinds 5 to 10c lower.

Sheep and lamb trade active and generally 10c higher. All top Idaho lambs reached $8.40. Oregon yearlings, $6.50. Nevada wethers, $4.80 to $4.85. Good light ewes sold at $4.75 and above.

We quote choice to prime heavy steers, $8.90 to $9.15. Good to choice corn feds, $8.65 to $8.90. Medium to goor steers, $8.30 to $8.60. Plain to medium warmed ups, $8.05 to $8.35. Common to plain steers, $7.85 to $8.00. Inferior to rough steers, $7.40 to $7.80. Medium to good yearlings, $7.80 to $8.50. Common to fair yearings. $7.00 to $7.85. Fat cows, $5.00 to $8.00. Fat heifers, $6.25 to $8.75. Bulls, $5.00 to $7.75. Canners and cutters, $3.85 to $4.95. Common heavy calves to good vealers, $4.50 to $10.25. Choice to prime vealers, $10.50 to $11.00. Medium to good handy feeders and selecteed stockers, $7.40 to $7.65. Selected feeders, 850 to 1,100 pounds, $7.45 to $8.00 Inferior stockers to good mixed, $5.90 to $7.40. Selected packing and shipping hogs, $8.75 to $9.25. Poor to good heavy packing, $8.45 to $8.72½. Medium and butchers, $9.02½. Mixed packing, $8.60 to $8.90. Rough heavy packing, $8.20 to $8.40.

Pigs and throw outs, $2.25 to $9.40.

Native yearling wethers, $5.00 to $7.75. Native lambs, $5.50 to $8.40.

Kansas City Live Stock Market.

Kansas City Stock Yards, July 14.—Buying for the country last week was light and the advance that stock cattle and feeders made last Monday entirely disappeared before the middle of the week, and the close was dull. The main cause of weakness was lack of enough cattle to attract buyers; more cattle would have sold better. This week promises to furnish a good supply of stock cattle and feeders. Receipts today amounted to 17,000 head. No greater number of dry weather refugees are here today, though Union Pacific points in the pasture country of Kansas contributed 42 car loads of cattle, entirely account of dry weather. These were big framed animals, built to develop into fifteen hundred pound bullocks, weighing at present slightty above a thousand pounds, and selling at $7.00 to $7.15. Last week killers snapped up this kind, but this week they will be allowed to go to the country. Stock steers seel at a wide range, $5.25 to $7.50. Stock calves are 40 to 50 cents below the high time. Inquiries respecting stock cattle feeder probabilities are unusually heavy this season, according to commission men, and are of a volume sufficient to point to quick repairs on any break in prices in the near future. Iowa is particularly prominent in these inquiries. On the killing cattle market the usual summer drifting apart of fed cattle and grassers is taking place, though they were closed together this summer than usual. Top steers today, $8.85; grass quarantine steers at $5.50 to $6.75; fed steers, $7.25 to $8.85; cows, $4.50 to $7.00; bulls, $5.00 to $7.00; veal calves, $6.50 to $9.00.

MARKING CONFEDERATE GRAVES.

Chattanooga, Tenn., July 15.—A philanthropist whose name has not been made public recently donated money sufficient to provide bronze tablets to mark the graves of more than 1,000 confederate soldiers in the cemetery here. The first of these tablets was placed today. The graves of the soldiers have been unmarked since the original head posts rotted away years ago.

TEN CARS WERE PILED IN DITCH

WABASH HAS WRECK TWO MILES EAST OF CHAPIN.

Broken Rail Caused Middle of Train to Leave Track—Fifteen Hours Estimated to Clear Debris—Other Trains Detoured Via Concord.

West bound freight train No. 97 which left Jacksonville shortly after 9 o'clock Tuesday night was wrecked two miles east of Chapin, when ten cars in the middle of the train left the rails, caused by ten feet of broken rail. The wreckers from Decatur and Springfield were summoned and it was estimated that it would take fifteen hours to clear the tracks so that traffic could be resumed.

The train was going about ten or twelve miles an hour when the accident happened. Of the ten cars piled up ten were empties and two were loaded with telegraph poles. About one hundred and fifty feet of track was torn up and it was expected that the wrecker would arrive about 3 o'clock this (Wednesday) morning and that it would take fifteen hours to clean up the wreckage. The train was in charge of Conductor Patrick Quinlin and Engineer Bush. The last train to pass over the track was Chicago train No. 12 east bound, which arrives in Jacksonville at 9:45. The morning passenger No. 28 which arrives this (Wednesday) morning and the meat train which is due at 2:25 were detoured over the Burlington via Concord to Jacksonville.

Officers Arenz and Baker, made ahasty trip to the place via automobile but no trace of the woold be intruder could be found.

GIVE WIRELESS STORM WARNINGS

Washington, July 15.—Wireless storm warnings and general weather forecasts for ships at sea, covering conditions 100 miles off shore all along the Atlantic coast is the latest innovation of the agricultural and navy departments. The plan was inaugurated tonight and hereafter every night a few minutes before ten o'clock bulletin will be sent broadcast from the great naval wireless stations at Radio, Virginia and Key West, Florida. The messages will reach mariners hundreds of miles of sea telling of conditions existing along the coast from Sydney N. S., to Bermuda and Pensacola every eight hours and giving special warnings of severe storms.

POSTPONE TARIFF DEBATE.

Washington, July 15.—Postponement until Friday of the formal opening of the tariff debate in the senate was arranged to day in order to give majority members of the finance committee time to check up on the report on the Underwood-Simmons bill prepared by Chairman Simmons.

The committee et to day and ratified the report but sections of it were turned over to sub-committees to verify. It is a lengthy document and the majority members will meet again tomorrow, the senate having adjourned until Friday when the report will be made and the debate opened by Senator Simmons.

HALF OF VOTE CAST BY WOMEN

Springfield, Ill., July 15.—More than one half of the ballots in Mount Auburn's mayorality election to day were cast by women who braved a heavy rain storm to participate in the selection of a successor to the late Mayor D. P. Windsor who was killed in a fight with Editor Faye Slate.

There were two candidates, Charles N. Tankersley and J. H. Nelms, both of whom were running on law enforcement platforms and both of whom invited support of the women. Tankersley was successful receiving 146 votes to 80 cast for his opponent.

The women polled 118 votes.

Prof. and Mrs. John Sammis of Madison, Wis., and four children, Marguerite, Elizabeth, Josephine and John, who have been guests at the home of his uncle, William Newman and family, have returned to their home. Mr. Sammis is a former resident of Jacksonville and is now an instructor in the dairy department of the University of Wisconsin.

Christian Bible schools. While in Champaign he met W. R. Bradley, a former railroad man of this city, who is now engaged in the confectionary business in Champaign.

ILLINOIS NEWS NOTES.

Girl and Boy Missing at Xenia—Jenny Leathers, aged 17, dressed in striped dress, white shoes and stockings, no hat and white parasol, disappeared from her home at Xenia Sunday. Clarence Stout, aged 17, is also missing. Search has continued all night and day, but no trace of the two has been found.

Quincy Music Supervisor Resigns—Miss Suzette Decker, supervisor of music in the public schools of Quincy, will resign her position to accept appointment as head of the musical department of the Normal school at Milwaukee, Wis.

Died as He Played Cards—John A. Ladd, who had charge of the transportation of United States troops during the civil war and who was prominent in Illinois Masonic circles, dropped dead while playing solitaire at Sterling.

Accused of Choking Wife—Dominik Manzapella, accused of kicking and choking his wife to death, was held on recommendation of a coroner's jury at Springfield.

Carbondale Has Big Fire—Fire destroyed almost an entire business block of Carbondale, with a damage of about $100,000. The blaze originated in a lumber yard and was soon beyond the control of the Carbondale fire department.

Will Push Erection of Insane Hospital—Fred J. Kern, president of the Illinois Board of Administration, has authorized the statement there will be no delay of two years in building the new state hospital for the insane at Alton, an inference drawn from the action of the board in allowing present tenants to remain on the place.

Kern says that as soon as the topographical survey is completed plans will be prepared and contracts awarded. Anxiety is being manifested in Alton over the announcement tenants would be given leases for one and perhaps two years longer on places which they had sold to the state.

Dies After Operation on Toe—Wesley R. George, aged 37, a prominent Christian county farmer, died following an operation on one of his toes, which was crushed in a hay baler.

Will Work on Streets—Men unable to pay fines in city cases on minor charges may be put to work on the streets of East St. Louis instead of being sent to jail at Belleville to serve time. Fred D. Moore, secretary to the chief of police, will make the suggestion to Mayor John M. Chamberlain.

Harry B. Carson, president of the board of fire and police commissioners, said the suggestion appealed to him. He said he would look into the legality of such a step. From three to eight men unable to pay fines, which, in minor cases, range from $7 to $50, are fined daily. Moore thinks that, instead of sending the men to Belleville, the prisoners should be turned over to the health and street departments.

Y. M. C. A. Plans New Home—George E. Burgess, secretary of the R. R. Y. M. C. A., East St. Louis, said Sunday plans were being made for the erection of a Y. M. C. A. building. Three years ago a site was purchased in the eastern part of the city, but it has practically been decided to dispose of this and purchase another more centrally located.

MOSE TOPPING, JR., IMPROVED.

Moses Topping, Jr., of 841 North Church street was resting easier yesterday from the effects of his motorcycle accident Sunday evening, although the exact extent of his injuries will not be known until today. The attending physician does not think it likely that the painful bruise on his left side is due to a fracture or is of deep seated origin. Mr. Topping was injured by being thrown from his motorcycle in front of his residence Sunday evening. The front wheel skidded as he neared the curbing and he was thrown on his left side, his body striking the stone steps leading up to the house.

JURY BLAMES RAILROAD.

Los Angeles, July 15.—Blame for the Pacific Electric railway wreck last Sunday night when 24 persons were killed and 150 injured in a collision of trains running from Los Angeles to the Ocean was declared by a corner's jury to rest with the railroad. The verdict charged that the trains were operated too closely together, that the cars were overcrowded and that the employes were unacquainted with the traffic rules.

Trust Company Service

A well know life insurance company has been following up all of its death losses of $5,000 or over. The result of its investigation shows that after seven years ninety per cent of the beneficiaries have lost or spent the entire amount paid them.

Trust companies in the United States are administering and guarding estates valued at $7,200,000,000. An exhaustive investigation covering these companies during the past fifteen years affords the remarkable showing that during that period not a dollar has been lost by any estate through the failure of a trust company.

Among the estates handled by trust companies are those of eminent lawyers, bankers and business men; for example, those of Chief Justice Fuller of the U. S. supreme court, Senator Elkins, P. A. B. Widener, Marshall Field.

The same reasons which induce the man of large means to place his estate in the hands of a trust company appeal with equal, if not greater, force to the man who has but a few thousand dollars to keep his widow and children from poverty.

CHARGES CLEVELAND AND NEW YORK BANKS WITH CONSPIRACY

Senator Thomas Declared Wilson Bill of 1893 Did Not Cause Financial Panic Which Followed.

Washington, July 15.—Senator Thomas, Democrat of Colorado, in a speech today defending the Wilson tariff bill of 1893 from responsibility for the financial panic which followed, charged former President Cleveland and the New York banks with conspiracy to precipitate a calamity to force repeal of the Sherman silver act. Though denouncing the 1893 bill as "a most miserable pretense of tariff reform" he branded the New York Stock Exchange as the most prodigious "gambling hell" of any age and the Monte Carlo of American finance.

When Senator Thomas concluded Senator Chilton of West Virginia had read from the records a speech made in the senate by Senator LaFollette during the debate on the wool bill in 1911 in which the Wisconsin senator said everybody with any knowledge of the subject knew that the Wilson bill had nothing to do with the panic of 1893.

"I had that read," said Senator Chilton, "because Senator Thomas has dug the grave of this argument. Senator LaFollette erected the tombstone and I wanted him reported at the obsequies."

Senator Smoot declared "there is no doubt in my mind now but the passage of the Wilson bill was the means of bringing to this country a great deal of the suffering that came to the working people of this country at that time and if conditions were the same now as then, I do not doubt that the passage of the present tariff will bring the same result."

Senator Williams of Mississippi defended the Wilson bill.

SEES HIGHER LEVELS FOR FAT CATTLE IN MARKETS

John T. Alexander Takes Optimistic View of Meat Supply Conditions From Producers Standpoint—No Fears of Deluge of Beef from South America.

The Illinois Cattles Feeders association held a meeting and picnic Tuesday at Illinois University with a large attendance from all parts of the state of those interested in the cattle growing industry. The university has been conducting some experiments in feeding and the visitors were shown the records which have been made during the past months. Seventy five bay beeves ready for market now have been fed there.

One of the speakers of the day was John T. Alexander of Chicago who was asked to present his views on the markets situation. Mr. Alexander who is thoroughly posted on the subject discussed take an optimistic view of affairs. He had the following to say:

Hot Weather Curtailed Consumption

"With the exception of brief periods the fat cattle market has disappointed the trade during the past forty days. The exceptions, however have been encouraging, demonstrating that the public is still eating beef. Last week we were afforded an example of possibilities, and a diagnosis of June condition reveals several abnormal causes of depression. While the supply of that month was generous in a numerical sense, the run also carried weight, hanging up considerably more beef in coolers than statistics indicated. Cattle reaching Chicago for several months past have averaged around 100 lbs. per head more than during the corresponding period last year, so that the scarcity argument has been temporarily inoperative. To aggravate matters, excessively high temperatures curtailed beef consumption all over the country, especially in the east, and disturbed industrial conditions, also repressed demand. We must not overlook the fact that the product is costing the consumer big money and he is always disposed to show resentment by reducing purchases. This is a beef eating country, however, and every semi-abstinence is impossible for any lengthy period.

Little Cattle Supply Liberal.

"A feature of summer trade has been a broad outlet for well finished yearlings, and the supply of little cattle has been decidedly liberal. Compared with heavy bullocks the young steers have found a satisfactory market. For half-fat yearlings buyers have been less keen and growers will do well to learn the lesson that to get maximum results yearlings must be fat.

"Quarantine cattle as Texas bred stuff from below the "Tick" line, as known in trade vernacular, have been running somewhat freely during the past 50 days. They have arrived in good flesh and the bulk of them have sold below the 7c line, making lots of cheap beef, and under the circumstances, the grades of native steers with which they compete have done a very creditable market stunt. Down in the southwest, they are using cotton cake as grass and making their quarantine cattle much better than in former seasons.

Prospects Most Concern.

"Prospects rather than market history concern the feeder most, and viewed from that standpoint optimism is warranted. That the entire grass beef producing region west of the Missouri River will market a small crop during the coming season is certain. The Dakotas, Montana and Wyoming picked their herds close last season in response to the incentive of high prices, insuring a light beef round-up in 1913. Northwestern grazers have been compelled to restock in recent years largely with Mexican and other trash, consequently the short run in sight from that quarter will lack quality. An acute beef shortage exists on the Pacific coast and that quarter will draw more heavily on herds east of the Rocky Mountains. Even from Southwestern pastures come reports of a deficiency. Corn-fed cattle have been run heavily and the trade expects only moderate supplies from that quarter during August, September and October, consequently prices ought to work higher unless the public quits eating beef product. Hog product is high no cheap mutton is on the market horizon, and beef will undoubtedly have less competition than last summer and fall. Prediction is always risk, but I am convinced that fat cattle are due to seek higher levels. Each year a high spot in the trade develops and that the pinnacle of 1913 has been recorded nobody versed in market matters believes.

No Fear From South America.

"Much has been said and written about beef scarcity. So far this year that commodity has been reasonably plentiful, but how feed lots are to be replenished if the growing corn crop lives up to expectations and is worrying many. We have been told that with free trade South America will deluge our markets but investigation shows this to be a mere chimera. In the first place, Argentina, the only surplus producing country in the southern hemisphere, has been getting out of cattle and into grain. Commercial cattle values have advanced 50 per cent at River Plate freezers within a year, and while Australia may throw a little beef into Pacific Coast markets, its influence will never be felt east of the Sierra Nevada Mountains. Argentina could only injure our common cattle even if able to fill Atlantic Coast markets, which the best informed people in that trade say is impossible, and present prices in North and South America for the same grades of cattle show a differential of only about 2c per pound in favor of frozen Argentine beef laid down at New York on a free trade basis. Considering inferiority of the foreign article its popularity will be doubtful unless River Plate prices fall and the trend of values down there is upward.

"A world wide cattle scarcity exists and if American consumers are to enjoy anything like an adequate supply of the qualified article the domestic market has afforded for 25 years past it must be produced within the United States."

PYTHIANS MEET IN CONCLAVE.

Fargo, N. D., July 15.—Two days of unusual interest and activity in Pythian circles were ushered in here today with the opening of the annual session of the North Dakota grand lodge of Knights of Pythias. The ladies' auxiliary is also in session and the joint gathering has attracted several hundred delegates and visitors from all over the state.

I suffered a great deal from stomach and bowel trouble for several years and failing to get relief from any one else, I consulted Dr. C. W. Carson, the Chicago specialist. After taking a course of his treatment, I can cheerfully recommend him to any one afflicted with a severe case of stomach trouble, as he has certainly given entire satisfaction to me. I will be glad to answer any inquiry.

VETERANS PLAN FOR THEIR NATIONAL ENCAMPMENT

Gathering at Chattanooga In September Will Be on Historic Ground—Sham Battle Is Planned.

W. H. Jordan, commander of Matt Starr Post G. A. R. and other officers of the post have been receiving literature about the forty-seventh national encampment of the G. A. R. which will be held at Chattanooga, Tenn., September 15 to 20. The encampment will cover the anniversary dates of the battle of Chickamauga, fought just fifty years before (September 19-20th, 1863).

Survivors of the battle of Chickamauga are called to meet on the battlefield at 10 o'clock on the morning of September 20th at a point where the regimental monuments of the Twentieth Brigade of the Third Division of the Fourteenth army corps are located on the east side of the Lafayette road, opposite Kelly field.

This call has been sent out by Adam Foust, President of the Chickamauga Survivors' Association. The meeting was to have been held at the National Military home, at Marion, Ind., but because of the coming encampment it has been recalled for Chattanooga so that those who fought in the bloody battle of Chickamauga can meet again on the ground stained by their own blood and that of their comrades and friends.

This meeting will be one of the features of the coming encampment of the Grand Army of the Republic. It has been arranged by the local committee to hold appropriate exercises on each battlefitld one day while the veterans are at Chattanooga and there is no doubt but that the 20th will be selected as Chickamauga Day, although plans were made to have the exercises in the afternoon and the call of Commander Foust is for 10 a. m.

Plan Sham Battle.

The Chattanooga G. A. R. Encampment Association is working on a plan to secure a sham battle on one of the noted battlefields of Chattanooga to be fought by two brigades of regulars during the September encampment of the G. A. R. The point most favored for the battle is Snodgrass Hill, on the battlefield of Chickamauga, where Generals Thomas, Brannan, Steedman and others checked the advance of the Confederate forces and save the Union army.

It is believed by the management of the Chattanooga association that such a featre would be greatly enjoyed by the thousands of old soldiers and encampment visitors, and that it would be superior to the Gettysburg plan, wherein the old soldiers themselves went through the performance of a mock engagement, marching in the heat to the summit of Little Round Top, the most deadly point in the Gettysburg slaughter. Instead of asking the old soldiers to go through this military evolution, the desire of the association is to have it done by regular troops and the matter has been taken up with the war department at Washington in the hope and belief that the plan may be approved. The desire is that the young men of the United States army may furnish entertainment for the veterans of the Grand Army of the Republic.

Conditions at Chickamauga Park are ideal for a sham battle of the nature described. The field is kept in fine condition, and part of the force necessary for the exhibit is already there. The Eleventh cavalry regiment is tationed at Ft. Oglethorpe, and other troops could be brought from Ft. McPherson, only something over a hundred miles from the battlefield of Chickamauga. If the plan can be successfully carried out, and the Chattanooga Encampment Association has hopes that it can be, it will give a splendid entertainment to the thousands who will visit the encampment.

GRACE CHAPEL.

Miss Rena Ater is visitng her grandparents, Mr. and Mrs. Wm. Ater.

J. A. Smith and wife of Concord are visiting relatives in this neighborhood.

Mrs. Wm. Jones and son, Jimmie were shopping in Jacksonvile Wednesday.

Mr. and Mrs. James Ater spent Thursday with Mr. and Mrs. Chester Braner.

Mrs. Douglas Turley and Miss Florence Mullens were Thursday visitors in Arenzville.

The Grace Chapel Ladies' Aid society will meet with Mrs. Elmira Wiswell Thursday afternoon, July 17. All members are requested to be present.

The precinct Sunday school convention will be held at Grace Chapel Sunday afternoon, July 27, instead of July 20 as reported last week. Rev. Mr. Spoonts and J. R. Watt of Jacksonville and Arthur Swain of Sinclair have been secured as speakers, Elmer Smith and Mesdames H. E. Ogle and Harry Braner were appointed as a music committee and promise something extra fine in vocal and instrumental music. Come and spend an enjoyable and profitable afternoon.

Rev. J. G. Reed preached a very helpful sermon at Chapel Sunday afternoon from the subject, "Our Need."

Two enterprising members of our ladies' Aid went fishing not long since and had such fine luck that they are contemplating running a fish wagon. All they need is some one to dig bait and since studying last Sunday's Sunday school lesson they have hopes that they may be as fortunate as Reuel's daughter.

WALSH RETURNS AND DEFEATS BOSTON

SENDS WINNING RUN OVER WITH A SINGLE IN TENTH.

Carrigan Acted as Manager in Conjunction With Stahl, Who Played His Last Game—Carrigan Will Continue Temporarily.

Chicago, July 15.—Pitcher Ed Walsh returned to the game today, the first time since June 26, when he was forced out of the pastime on account of illness, and Chicago won from Boston 2 to 1, after ten hard fought innings. It was Walsh's single in the last inning that sent over the winning run.

Bill Carrigan acted as manager for Boston in conjunction with Mgr. Jake Stahl, who played his last game today. Carrigan will continue temporarily. There was flag raising at the local park and the players of both teams took part in the hoisting of the new flag, emblematic of the championship of Chicago for 1912.

PHILLIES WIN IN TENTH

Oakes Misses Loberts Low Liner Which Gives Opponents Winning Run.

Philadelphia, July 15.—After Paskert had prevented a run in St. Louis' half of the tenth inning today's game by a sensational diving catch of Konetchy's liner, Oakes tried to repeat the performance on a drive by Lobert in the Phillies half with two out. Oakes missed the ball by a few inches and it rolled to the bleachers and gave Philadelphia the victory by 3 to 2.

BROOKLYN CLUB CELEBRATES COMPLFTION OF EBBETTS FIELD

Observe All the Features of An Opening Day—Cubs Win Game 9 to 6.

Brooklyn, July 15.—The Brooklyn club celebrated the completion of Ebbetts' field with dedication day ceremonies today, observing all the features of an opening day. There was music, a parade of the players and the raising of a handsome flag presented by the National league.

The flag was of white with a small American flag of 1776 in the upper left hand corner and one of 1913 in the lower right. Many notables witnessed the ceremonies, including John K. Tener of Pennsylvania; President B. B. Johnson of the American league and presidents of major and minor league clubs. In the evening they were guests at a banquet given by the club at Brighton Beach.

Chicago won the ball game 9 to 6. Score:

JAKE STAHL OUSTED AS LEADER OF BOSTON

WILL DEVOTE TIME TO CHICAGO BANKING BUSINESS

McAleer Insists That Stockholders Demand a "Playing Manager"—Bill Carrigan Appointed Stahl's Successor.

Chicago July 15.—"Jake" Garland Stahl was ousted as manager of the Boston Americans to day by James McAleer, president of the club. Though differences amounting to a serious "misunderstanding" with McAleer were rumored causes of Stahl's release, both manager and president insisted that demand of the latter and other stock holders for a "playing manager" was the motive. Stahl's leadership technically concluded with to day's game; tomorrow Catcher William Carrigan will assume charge of the team.

Stahl's release was unconditional and he will give up baseball as a business although retaining his Red Sox stock, devoting his time in the future to his banking business in Chicago. He was grieved apparently at McAleer's decision to release him and declared he had done his best to sustain the team's reputation as world's champions. To all-around bad luck, including his own inability to take part in more than a few games, Stahl attributed the comparatively poor showing of the team this year.

In connection with the news of Stahl's release stories of internal trouble among the "Red Sox" were retold to day. Fractional differences dating from the world's series of last year were among the causes hinted at in the discussion of the managers release. It is noteworthy that Carrigan the new manager was among the leaders of the faction which rumors say was against Stahl.

Stahl, one of the most famous of modern ball players was induced by McAleer to rejoin the Boston team and took up the management at the beginning of the 1912 season, soon after McAleer assumed the presidency. Under Stahl's leadership and aided materially by his own prowess on the field the team captured the highest honors of the national game.

BROWNS WALLOP NEW YORK

Hamilton Administers a Shutout to Chance's Aggregation—Outfielder Johnston Injured.

St. Louis, July 15.—"Lefty" Hamilton was almost invincible this afternoon while Keating was wild and ineffective at critical stages, St. Louis winning the final game from New York score 3 to 0, and making it three out of four games of the series.

E. Mitchell, a recruit pitcher from the Blue Grass league hit Outfielder Johnston in the back of the head with a pitched ball during practice. Johnston was unconscious twenty-five minutes. He suffered a slight concussion at the base of the brain but he probably will return to the game in a day or two.

SOME OFF-SIDE CHUTES

The war scribes, a few of them, in Chicago, have labeled recrit pitcher Miller of the White Sox a native son of California. Frank Miller has been drafted twice from the Seals of San Francisco, and both times by Comiskey. Three years ago he was returned for more seasoning, and just before the team started on the training trip this spring he was taken sick with diptheria, and has been out of the game ever since until last Saturday, when he was knocked out of the box in the second inning by Boston. He was drafted for the second time last fall, and the fact that he was with San rFancisco does not make him a "native son." Frank Miller's home is about four miles south of Wayland, Allegan county, Michigan, and this column can vouch for it that he is one of the best corn huskers on the line of the Grand Rapids & Indiana railroad between Kalamazoo and Grand Rapids—he was brought up on a farm in that neighborhood, and if he fully recovers from his recent illness there is little doubt he will tsick with the Sox. He deserves success; he comes from good stock, and is an A1 gentleman at all times..

* * *

The Federal league at Kansas City is going to "fill a long felt want" at the Kaw's mouth. White Wings Tebeau's team is none too popular with the bugs, so that the newcomers are certain to cut a deep gash in the Blues' gate. The new league park was opened with much pomp on Sunday by a great parade through the business section, with Mayor Jost as the Grand Exalted Pooh-Bah of the whole works.

* * *

Lee Tannehill since joining the Millers has been playing the game of his life. He is clouting the pill in better fashion than he ever did in the big show, and is fielding in his old time form. Breton, the youngster who displaced him at Kansas City, has about shot his bolt, and must necessarily take a brace before long if he would maintain a hold in the American association.

* * *

Unexpected pressure is being brought upon Governor McGovern to veto the fight bill passed by the Wisconsin legislature last week. Friends of the bill pin their hopes on the governor signing the bill from the fact that Senator LaFollette is taking boxing instructions in Washington, and also from the fact that the governor himself is a warm patron of the boxing shows. However, protests are filed by thousands, who fear the ten-rounds no decision game will eventually develop into prize fights.

* * *

Sixty Russian teachers, male and female, are studying the national game in New York. Pity the poor printer man when they commence importing players from the czar's country. It is impossible now almost to get one of those names aligned in straightaway reading, but what will it be in the box score?

* * *

No-hit games have been as frequent this season as flies are plentiful around a New Orleans molasses hogshead. Last Sunday there were five no-hit games among minor leagues and semi-pro. teams. In two minor league teams the clubs that were set down without a hit won their games on passes and errors.

* * *

Jack Knight is the sure comeback kid of the 1913 season. Since displacing Borton at first, he has been the whole works with the Yanks. Jack also is one of those tempermental baseball prima donnas—hard to manage.

* * *

Cobb is back again in the game for Detroit. His eyes have been troubling him all season, and thus far he has been of little use to his team, which has been pressing St. Louis and the Highlanders for the cellar berth.

* * *

Olaf Hendrickson, utility outfielder for the Champions, is resting easily in the Wesley hospital, Chicago. Saturday night he had his appendix hastily removed. He was in uniform Saturday afternoon and was suddenly taken ill in Comiskey park.

* * *

Tom Lynch's new umpire, Quigley, is being handed left handed boquets in profusion by the baseball writers. Quigley is striving to please everybody, and as a consequence is pleasing nobody.

* * *

Philadelphia has gone gone dippy on golf. Twenty-eight golf courses are scattered over the city, and a big rumpus has been started because the commissioners vetoed a plan to lay out a course in Fairmount park, the great public breathing place.

* * *

Fred C. Thomson, the young Presbyterian clergyman of Los Angeles, has won the all-around athletic championship of National Amateur union games with 7,411½ points. This is Thomson's third victory in the all-round championships, he having captured the honors in the meets held in Chicago in 1910 and 1912.

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

DEFINITE IMPROVEMENT SHOWN IN STOCKS

PRICES OPENED HIGHER AND HELD GAINS THROUGH THE DAY.

In Last Hour of Trading Market Became Active and the Best Quotations of the Session Were Recorded.

(By Associated Press)
New York, July 15.—Although trading in stocks was still of nominal proportions falling once more below the 100,000 mark there was a definite improvement in tone today. Prices opened higher and held their gains through the day. In the last hour of trading the market became more active and best quotations of the session were recorded. Gains in some cases amounted to two points.

There were evidences of growing nervousness on the part of the short as the market advanced. The short interest at present outstanding was pronounced by some traders to be the largest of the year. The manner in which unfavorable news of the last fortnight has been ignored in movements of the market apparently has made some impression and efforts to cover, which led to rather urgent bidding in the last hour, was largely responsible for the advance.

WHEAT MARKET TAKES A DOWNWARD TURN

CLOSING PRICES WERE FROM 1 TO 1¼C UNDER.

Experts' Opinions That Crop is Too Far Advanced to be Endangered by Black Rust Causes Slump.

(By Associated Press)
Chicago, July 15.—Opinions by experts that the wheat crop in the Dakotas and Minnesota was too far advanced to be endangered by rust gave the market today a down turn, closing prices though steady were 1 to 1¼c under last night. Corn finished ⅛@⅛@⅜c and oats at ⅜@⅝c to 1¼c decline. In provisions the outcome varied from last night's level to 17½c below.
Disappointment over cables added to the troubles of the wheat bulls. The world's available supply was shown to be a million bushels larger than a year ago, export inquiry was slow and receipts rapidly on the increase. No ground for a rally could be discovered and in the last hour bearish sentiment was practically unchecked. Despite an advance due to scorching and drought southwest, corn prices eventually suffered a decline. Mainly the cause appeared to be the freedom with which prominent longs undertook to realize profits. Oats were depressed by the weakness of corn and wheat and by heavy speculative selling based on improved crop advices from states of largest production.
Provisions rose moderately with hogs. Milwaukee packers, however, unloading on the advance, wiped out most of the gains.

Hogs—Receipts, 8,300; market 5c higher. Pigs and light, $7.25@9.25; good heavy, $9.15@9.25.
Sheep—Receipts, 7,500; market 25c higher. Muttons, $3.85@4.50; yearlings, $5.00@6.25; lambs, $6.50@8.50.

MINNEAPOLIS GRAIN MARKET.
Minneapolis, July 15.—Black rust reports which came from Fargo yesterday were denied today and caused moderate pressure in wheat. Heavy southwestern receipts also was a factor in the weakness. July closed 1¼c lower than yesterday, September 1⅜c lower and December 1¼@1⅜c lower.
July opened 87⅝c; high, 88c; low, 86¾c; closed, 86¾c.
September opened 89¾@90c; high 90¼c; low, 88⅝@88¾c; closed, 88¾@88⅞c.
December opened 92½c; high, 92¾c; low, 91⅝@91¾c; closed, 91¾c.

Stork and Cupid Cunning Plotters

Many a New Home will Have a Little Sunbeam to Brighten it.

There is usually a certain degree of dread in every woman's mind as to the probable pain, distress and danger of child-birth. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded, joyful anticipation.

Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with none of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and the stork are held up to veneration; they are rated as cunning plotters to herald the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at $1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses.

Write to Bradfield Regulator Co., 131 Lamar Bldg., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend to-day.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

ECZEMA BROKE OUT IN WATER BLISTERS

Scratched It So Hard All Sore. On Hand, Then on Legs. Cuticura Soap and Cuticura Ointment Cured in Six Weeks.

748 Congress St., Chicago, Ill. — "My eczema broke out like little water blisters. Each one was full of water and would itch until I would scratch it open, then the water would run out and it would get sore. I first got the eczema on the back of the hand and I scratched it so hard I made it all sore. Then I got it on my legs just above the ankle and above the knee.

"I used what they call ——— and it stopped the itch but it got worse. Then I used ———. In all I had the trouble for about two years. One day I saw the advertisement of Cuticura Soap and Ointment in the paper. I wrote for a sample of Cuticura Soap and Ointment and I tried them and then bought some more. Cuticura Soap and Ointment left my sores nice and smooth. I used them for six weeks, and am now cured; the eczema left no marks." (Signed) F. W. Horrisch, Oct. 19, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery because they promote and maintain the health of the skin and hair from infancy to age. Cuticura Soap (25c.) and Cuticura Ointment (50c.) are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp

BISHOP BOWMAN'S 96TH BIRTHDAY.

Orange, N. J. July 15.—Bishop Thomas Bowman, the senior bishop of the Methodist denomination in the United States today quietly celebrated his 96th birthday anniversary at his home here. During the day he was the recipient of hundreds of congratulatory messages from prominent laymen and clergymen throughout the country.

The venerable bishop is well preserved, and is seen almost daily on the streets of Orange. He retired from active work about ten years ago, but has since preached several times at Calvary Methodist church, East Orange, of which he is a member. Despite his age, he is thoroughly interested in religious work, especially that pertaining to Methodist, as the youngest churchman.

Bishop Bowman's career as a churchman and educator has been a most distinguished one. He was educated at Dickinson college and afterward taught there for several years. He then went to Williamsport, Pa., where he founded the Dickinson seminary, of which he was the first president. He was at the head of the institution for ten years. He became president of the Indiana Asbury university in 1859, holding the post for thirteen years. He was chaplain of the United States senate during the last two years of Lincoln't life.

He was made a bishop at the general conference of 1872 on the first ballot. During the years that followed he visited all the conferences of the church in America, Mexico, India, Europe, China and Japan.

STATEMENT FROM DR. RAMMELKAMP.

July 15, 1913.

To the Editor of the Journal, Jacksonville, Ill.

My Dear Sir—I do not wish in this communication to express myself in any way on the points at issue between Dr. Clampit and Mr. Hall. However, I fear that some of your readers may get the impression that Academy hall is for lease or for sale. That is most decidedly not the case. There have never been any negotiations between the board of trustees of Illinois college and the board of education on the subject of the lease of Academy hall.

This note is written not for the purpose of criticising Dr. Clampit's remarks in any way, but simply because I fear that some people may get an erroneous impression regarding the policy of Illinois college.

Sincerely yours,
C. H. Rammelkamp.

ZION'S 13TH ANNIVERSARY.

Chicago, July 195.—Today was the 13th anniversary of the founding of Zion City by "Dr." John Alexander Dowie. In the days of "Prophet" Dowie the anniversary was always an occasion for celebration and rejoicing, but since the death of the leader there has come a mighty change over the condition of affairs spiritual and material in the little north shore suburb and today the town's birthday anniversary was allowed to pass unnoticed. Internal dissensions appeared among the Dowieites soon after Dowie's death and the past few years what is left of the sect has divided into rival factions and has been engaged in a continuous fight for the political control of the town. But while the "spiritual" vitality of Zion City has been on the wane the material prosperity of the town has increased. Many of the industries founded by Dowie have since passed into the hands of outsiders and are said to have prospered.

ROYAL DIVORCE SUIT IN COURT.

Munich, July 15.—The court today began the hearing of evidence in the suit of the 82 year old Duke Ludwig of Bavaria, brother of the late empress of Austria, who is seeking a divorce from his second wife, who before her marriage was a dancer. It is now rumored that in the event of his obtaining a divorce the aged duke will marry a youthful prima donna of the Munich opera house. Should he re-marry this will be his third morganatic alliance. The duke's first wife was an actress named Mendel, who died in 1890. A few years later he married Antonie Von Bartolf, the dancer, from whom he is now seeking a divorce.

All of said points and lands being in Morgan county, Illinois. A general description of the work proposed is as follows: To straighten Mauvaisterre creek from said starting point to said terminus by constructing a ditch with a bottom width of 20 ft. and a uniform gradient of .075 per hundred feet from station 0 to station 293 plus 67.8 ft. and with side slopes of 1 horizontal to 1 vertical for the banks of said ditch throughout its entire length. Said ditch to take the place of said creek as it now is, to straighten the same and thus prevent the overflow of the lands adjacent thereto.

The name of said district is the Mauvaisterre Drainage and Levee District of Morgan County.

That the court has set said matter of said report of said commissioners down for a hearing at the July term, of said court, on the 26th day of July, A. D. 1913, at 10 o'clock in the morning, said hearing to be held at the court house in Jacksonvile, Ill.

L. C. B. A. OPENS SESSION.

Atlantic City, N. J., July 15.—The annual national convention of the Ladies' Catholic Benevolent association began here today, when the thousand or more delegates, many of whom have been in Atlantic City for several days, assembled in the auditorium for the formal opening exercises. The sessions will be continued until the end of the week. The annual reports show the past year to have been one of substantial progress for the association, both in membership and finances. The officers in charge of the convention are Miss Kate Mahoney, Troy, N. Y., supreme president; Mrs. J. A. Royer, Erie, Pa., supreme recorder, and Mrs. Mary E. Costello, Brooklyn, N. Y., supreme treasurer.

RETURN FROM WEST.

Mr. and Mrs. George C. Guthrie have returned from their wedding journey after an absence of several weeks. They went to Los Angeles, via Denver and Salt Lake City. They visited relatives of Mr. Guthrie in Los Angeles and then went to San Francisco, Portland and Seattle, where they were guests at the home of Mrs. Guthrie's sister, Mrs. Libbie Martin and attended the Severyns-Martin wedding. They returned home via Victoria, Vancouver taking the Canadian Pacific to Minneapolis. They also made a brief stay in Chicago.

WILL TAKE BOAT TRIP.

Misses Alice M. Green, Gertrude Atkins, Inez McCullough and Marie Seibert expect to leave to day for a boat trip of a week. They will go from here to St. Louis where they will take the steamer "St Louis" for the site of the Battle of Shiloh in Tennessee. They are anticipating a great trip.

TWO SUDDEN DEATHS AT PASSAVANT HOSPITAL

Jerry Sutherd of Ashland and Mrs. L.R. Simmons of Virginia Pass Away After Brief Illness.

Mrs. L. R. Simmons of Virginia, who underwent an operation for an obstruction of the bowels at Passavant hospital Tuesday afternoon, died at 7:40 o'clock. Some eight years ago Mrs. Simmons underwent an operation for a similar trouble and had been quite well since. Last Friday she took quite ill and her condition became so serious that it was deemed best to bring her to the hospital here. She was a member of the Methodist church and a woman known for her kind heart and womanliness.

She was born in Ohio, Feb. 22, 1843, being 70 years old at the time of her death. Her maiden name was Melvilla Cavender. She was married in 1866 to L. R. Simmons, who survives her; also three sons, R. E. Simmons, B. K. Simmons and C. A. Simmons, all of Virginia; also one sister, Mrs. Ralph McKay of Burnside, Hancock county.

The remains were taken to O'Donnell's undertaking parlors, where they were prepared for burial. It is probably that the funeral will be held at Virginia Thursday afternoon. The husband, son C. A. Simmons, Mrs. B. K. Simmons and Miss Verle Simmons, were here at the time of her death.

Jerry Sutherd.

Jerry Sutherd of Ashland, a well known farmer of that community, died Tuesday night at 10 o'clock at Our Savior's hospital, after a few hours' illness of rupture of the bowels. Mr. Sutherd was plowing all day Monday and appeared in his usual health. About 11 o'clock that night, he became violently ill and Dr. Dyer Gailey was summoned. When morning came he appeared no better and last night he was brought to Our Savior's hospital in an automobile, arriving here at 5:20. A local physician was summoned but Mr. Sutherd was in such a condition that it was thought best not to operate. His sudden death came as a great shock to his loved ones.

He was born in the state of Virginia, Dec. 25, 1863, and came to Cass county when 7 years of age, the family residence being three miles northwest of Ashland. His father, John Sutherd, died about thirty-five years ago and he is survived by his mother and six brothers, Joseph of Salisbury, Trent of Virginia, Thomas and George of Ashland, Albert of Pleasant Plains and Charles of Literberry. He was preceded in death by two sisters and one brother. Mr. Sutherd had followed the occupation of a farmer all his life and was a man well posted on farming and stock raising. He was a man of many friends who will miss him in that community.

The remains were taken to O'Donnell's undertaking parlors, where they were prepared for burial. The funeral will probably be Thursday afternoon at Ashland. His brothers, Thomas Sutherd and C. F. Sutherd, were here at the time of his death.

ENLARGING PALORS..

FIFTY YEARS AGO.

In July 1863, at the time of the New York draft riots a singular condition of the elements was noticable. The writer was in Rushville at that time and well remembers how extremely hazy it was for about three days. Accompanying this haze was a softened feature of the atmosphere, somewhat like Indian summer. The unusual condition of the air, and the lack of strong sun light, taken perhaps with the nervous condition of the public mind, owing to war times and the frightful stories about the work of the mobs in New York, made a feeling of great insecurity and if not knowing what to expect next.

In these days the whole country was not full of newspapers or "covered" by press despatches from every section, so it was not known what brought about the prolonged haziness. After years, with press news and other helps, conveyed the impression that the overapread condition of the sky was owing to forest fires in the north. Such smokiness was largely in evidence the year of the Chicago fire, 1871 and to some extent in years since. It is scarcely to be supposed that the smoke from the three days of battle at Gettysburg could have slowly drifted westward.

MAKES CHARGE OF CRUELTY.

Mrs. Helen Hurley has filed a bill in the circuit court asking for a divorce from her husband Russell Hurley making charges of cruelty against her husband. They were married at Alton August 12th and lived together until a few months ago. Mrs Hurley before her marriage was Helen Roberts of Waverly. The suit was brought by Andrews and Trutter of Springfield.

SPCIAL SERVICE AT ASBURY.

There will be special services at the Asbury M. .E. church Thursday night. The pastor, Rev. Hy S. Alkire will deliver the sermon and it is very desirous that there be a good attendance, together with a full choir. The Brooklyn pulpit Sunday afternoon was filled by Rev. J. A. Biddle of Murrayville, who preached an excellent sermon, Rev. Mr. Alkire having charge of the services at the Old People's Home.

SECRETARY BRYAN ISSUES STATEMENT

(Continued from Page One.)

he is compelled to neglect the duties of his office and go upon the lecture platform in order to earn a living and, that,

"Whereas, There are now pending before the department of state matters of the highest importance to the nation affecting the relations of our country with Mexico, Japan, England and other foreign countries that demand the most earnest, careful and continuous attention of the secretary of state, therefore,

Asks What Would Be Proper Salary.

"Be it resolved, That the president be requested if not incompatible with the public interests, to advise the senate what would be a proper salary to enable the present secretary of state to live with comfort and to enable him to give his time to the discharge of his public duties, for which he is now being paid the sum of $1,000 per months and be it further,

"Resolved, That the president be respectfully requested to give this subject as prompt attention as his service will permit in order that congress may take immediate steps to relieve the country from the great loss which it suffers by being deprived of the services of the present secretary of state, this office now paying for such services at the rate of $1,000 per month."

Does Not Desire Increase.

Senator Shafroth of Colorado, declared Secretary Bryan had assured him he did not desire an increase of salary.

Secretary Bryan's home in Washing is the old mansion of General John A. Logan for which he pays $4,000 a year.

Former Secretary Knox who rented a house in diplomatic row on fashionable K street paid $7,000 a year, though during his term of office he received but a salary of $8,000, but the salary of secretary of state was increased while he was senator but owing to the constitution he was not allowed the salary.

The historians of Washington point out that many of Mr. Bryan's predecessors in comparatively recent years were wealthy.

John Hay's house on the avenue of the president's was one of the show places of Washington. Secretary Bryan has the use of certain horses and equipages which belong to the state department but he often prefers to drive his own automobile.

FUNERAL NOTICE.

Funeral services for Mrs. Ida May Briscoe will be held from the late residence, 139 East Wolcott street, this morning at 10 o'clock. Interment will be made in Jacksonville cemetery.

MORTUARY

Barry.

Thomas Barry of Havana, died Monday night at 7:30 o'clock at the Jacksonville State hospital. He was 58 years of age and had been a patient at the hospital for four years. The remains were prepared for burial and Tuesday sent to his former home in Havana, where funeral services will be held to day.

Frohwitter.

Mrs. Lydia Frohwitter of Bluffs died Tuesday afternoon at 2:30 o'clock at Our Savior's hospital. The deceased was born in oMrgan county December 12, 1844, a daughter of John and Martha Pasley. She was twice married and is survived by the following children: Mrs. Robert Sawyers of Bluffs, Mrs. Annie Walker of Oklahoma, Annias Curll of Parsons, Kan., Mrs. George Hastings of Oakland, Calif., Mrs. J. W. Lewis of Dallas, Texas, E. A. Curll of Denver, Colo., Mrs. L. N. James of this city, Mrs. Nathan Parsons of Ponoa City, Okla., and William Curll of Springfield. She is also survived by the following brothers and sisters: Mrs. John Irwin of Kildare, Okla., Mrs. Burr, Herman and Chester of Oklahoma. The deceased was a member of the Baptist church.

The remains were taken ot the Gillham undertaking establishment and will be taken to Bluffs this morning at 7:06 o'clock via the Wabash. Funeral services will be held Friday afternoon at 2 o'clock in charge of Rev. Mr. Peak and interment will be made in the Hodge cemetery, near Bluffs.

PURCHASED PACKARD AUTO.

Charles H. Ward and daughter Miss Florence, have returned from Chicago where they went after their new Packard automobile. They made the trip home in good time, averaging 28 miles to the hour coming via Joliet and Bloomington. Miss Ward sold her Hudson No. 33 to George Spires, who resides on the Morton road. The Packard car is one of the higher priced cars on the market and costs $4,500 and the one Mr. Ward and his daughter purchased is a 1914 model, with all the latest improvements and equipments. Everything is controlled by the steering wheel and there is no stooping down or reaching for something to help run the machinery. Mr. Ward and his daughter certainly have every reason to feel proud of their new automobile.

RAN NAILS IN FOOT.

Mrs. A. L. Stewart of East State street is threatened with blood-poisoning as the result of running two rusty nails in her foot while in bathing at Saidora. There was a board in the lake which contained the nails and when Mrs. Stewart waded out she slipped on the board.

MATRIMONIAL

Maher-Flanagan.

The marriage of John Flanagan of this city and Miss Mary Maher of Waverly took place Saturday morning at 11 o'clock in Springfield, Rev. Father Ryan of Waverly officiating. For a number of years the bride has been chief operator at Waverly and is most favorably known there. She is the daughter of Mrs. Mary Maher of Waverly. The groom is well known in Jacksonville and is employed by the Jacksonville Transfer company. Mr. and Mrs. Flanagan expects to make their home here in about a month.

Johnson-Hamm.

Jesse Johnson and Miss Goldie Hamm, both of this city were married Tuesday evening at 8 o'clock by 'Squire W. T. Dyer at his office. The groom who came to the city a few years ago from Kansas is employed by the Illinois Steel Bridge Co. The bride, who resides at 707 South Fayette street has been employed at the Model laundry. CANNON BOYS ESCAPE STORM WHICH DROWNS FIVE COMPANIONS

Relatives in This City Receive Word of Their Rescue From Terrible Lake Erie Squall.

William and Joseph Cannon of Niagara Falls, N. Y., sons of Frank M. Cannon, a cousin of T. L. Cannon of this city, narrowly escaped death last week in a squall at the head of Niagara river on Lake Erie. It was due largely to the efforts of the Cannon brothers that the death list of five canoeists out of ten was not larger. Besides aiding in rescuing their companions they were among the foremost searchers, as long as their strength held out, for the bodies of the drowned.

A Niagara Falls Journal received by Mrs. Lewis Kelly of South Kosciusko street in concluding the account of the accident, says:

"Joseph and William Cannon insisted on remaining at Crescent Beach until the bodies of their companions were recovered, but were brought home by their parents in an automobile last night. Both were suffering greatly from fatigue, having slept but little since the accident and being almost constantly on the lake shore seeking some evidence of the bodies of their friends."

It is thought that the bodies of the five young men who were drowned after the overturning of their canoes were carried over the falls.
